Docket No. 98N-1265

Food and Drug Administration

Rockville, MD. 20857

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS:

I was able to get off progestrone (inserted rectally) 2 years ago because the wonderful vitamins produced by Madison Pharmacy Associates of Madison. My PMS was so severe I thought I was insane. I was stabilized with 3 years of ProCycle + progestrone then weaned to just vitamins + the vitamins. With proper diet, exercise and ProCycle Vitamins I am not only able to function but I never felt better.
